  - Joe Samano
- 

## Summary of the Meeting:

- We discussed our current progress in the project and provided a demo.
- We discussed that we will be using a third-party application for the chat part of the application particularly Chatkit and explained the benefits to it.
- We talked about testing our application. Marcie told us that they will prepare a number of people to test our application. We will get back to them on a later date.
- We brought up the issue where Max is unresponsive to us to our emails. Marcie explained that Max is busy with some deadlines and she said that will email Max to fix our issues.
